Re: Food Truck Driver and Cook for Food Truck

Request permission to post two positions: Food Truck Driver and Cook for Food Truck. These positions would be paid under the Collective Bargaining Agreement rates for the school year. In the summer, these positions would be paid an hourly wage as the summer work would be outside of the contract year.

The Driver would drive the food truck into position for serving students across the district at schools, parks, and other areas. The Driver would also need to complete a daily vehicle safety check and hand in all gas receipts. The Driver would also need to clean the vehicle on a daily basis.

The Cook for the Food Truck would be responsible for making and serving nutritious meals for students in a safe and healthful manner across the district. She/he would prepare and serve the food from the truck according to approved menus and in correct portion sizes as mandated by yield guides. This Cook would also ensure that the food is served in a safe manner.
